Resentment the number one offender in December!

Big Book, *Step Four*, page 64

Therefore, we started upon a personal inventory. *This was Step Four.* A business which takes no regular inventory usually goes broke. Taking a commercial inventory is a fact-finding and fact-facing process. It is an effort to discover the truth about the stock-in-trade. One object is to disclose damaged or unsalable goods, to get rid of them promptly and without regret. If the owner of the business is to be successful, he can not fool himself about values.

We did exactly the same thing with our lives. We took stock honestly. First, we searched out the flaws in our make-up which caused our failure. Being convinced that self, manifested in various ways, was what had defeated us, we considered its common manifestations.

Resentment is the "number one" offender....
